Norme di utilizzo per l'insegnante

Visto l'indirizzo pratico dell'e-book, si consiglia la stampa su cartaceo delle singole schede nel momento in cui se ne presenti la necessità durante le sessioni formative con gli alunni.

DOMENICO CAMERA

L'OROLOGIO

*PERCORSI OPERATIVI FACILI
PER L'APPRENDIMENTO DELLA
LETTURA DELL'OROLOGIO*

L'Autore

Domenico Camera, docente specializzato per l'esercizio delle attività di sostegno alle classi con presenza di alunni diversamente abili, vive e lavora ad Amalfi.

Funzione strumentale e docente referente per dislessia e disturbi specifici di apprendimento presso l'Istituto Comprensivo di Amalfi, progetta e divulga percorsi didattici specifici aventi lo scopo di facilitare l'apprendimento nei vari ambiti disciplinari.

Ha ideato il metodo LESF (**L**ettura **E** **S**crittura **F**acile), metodo che si è rivelato estremamente efficace per alunni con gravi, medio-lievi e/o lievi difficoltà di apprendimento della letto-scrittura.

Ha pubblicato le seguenti opere:

- **PERCORSI DI LETTO-SCRITTURA 1** (Metodo LESF)

Percorsi operativi specifici per l'apprendimento della letto-scrittura di parole e di sillabe piane e complesse

Edizioni didattiche Gulliver Vasto (CH).

- **PERCORSI DI LETTO-SCRITTURA 2** (Metodo LESF)

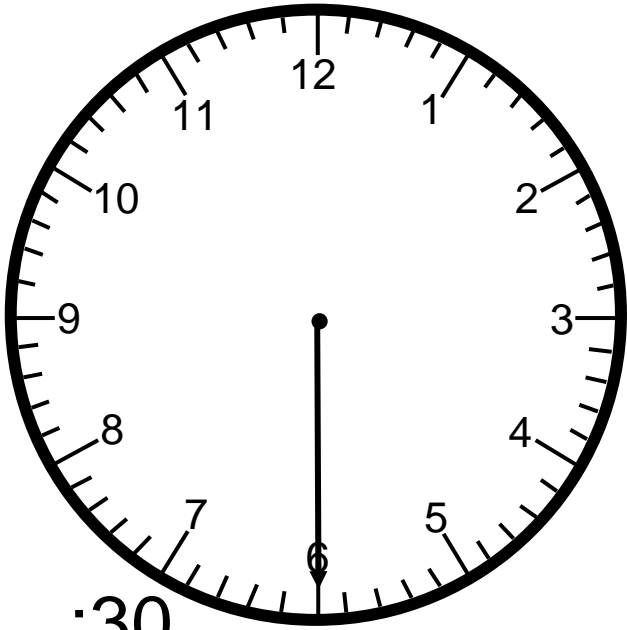

Percorsi operativi specifici per l'apprendimento della letto-scrittura e la comprensione del significato di parole.

Presentazione

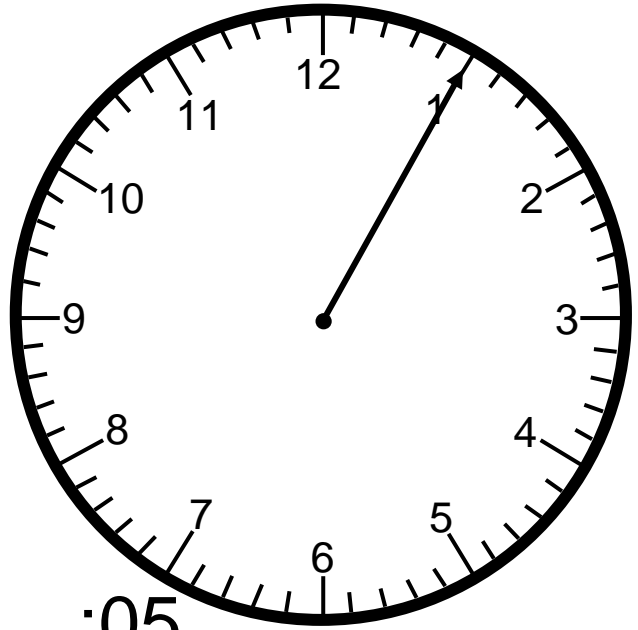

Quest'opera è costituita da una serie di percorsi didattico-operativi in ordine di difficoltà crescente che si pongono l'obiettivo di sviluppare nell'alunno la capacità di leggere l'orologio e di utilizzarlo correttamente nella vita di tutti i giorni.

L'insegnante affiancherà l'alunno durante il percorso didattico mostrandogli concretamente diverse tipologie di orologi, fornendogli informazioni sia di tipo pratico che suggerimenti teorici per il corretto svolgimento degli esercizi.
